We are Europe's Leader for **Detection & Response**

To strengthen our team in 1070 Vienna, we are hiring a f/m/x, full time

Technical Writer

Your Responsibilities

- Creating and updating documentation in English for various target audiences
- » Collaborating with IT security experts, developers, quality assurance engineers, and product owners to create easy-to-understand user guides, technical texts, and process descriptions
- » Obtaining an in-depth understanding of our products and their documentation requirements
- » Implementing our internal style guide to create consistent documentation
- » Carrying out sprint-related tasks for multiple teams
- » Categorizing, restructuring, rephrasing, and proofreading existing documentation

Your Qualifications

- Excellent command of English (spoken and written)
- Good command of German is a strong advantage
- » Professional experience as a technical writer, preferably in the IT or telecommunication industry
- Experience in creating (technical) user guides or similar documents
- » It is an advantage to have experience with content management systems, with photo editing software or in creating and designing training material
- » You are detail-oriented, have excellent communication skills and a keen perception
- » And of course: Interest in IT security!

What we offer

- » Working with innovative products in an international team
- » Self-reliant working in a very collegial, team-oriented environment
- » Advancement and development opportunities as well as regular feedback sessions
- » Sponsored conference and seminar visits
- An office with very good traffic connections (underground)
- Free coffee, tea, soft-drinks and fruits

It is important for us to offer salaries that are in line with previous experience and qualifications. To fulfil legal requirements, we point to the minimum annual gross salary stated in the collective agreement for employees of service providers in the field of automatic data processing and information technology of € 39,956.- for a full time employment (38.5 hours/week).
