

The 2021 edition of the Meet Central Europe (MCE) Conference is going virtual and will be hosted on a unique Confer-O-Matic platform giving attendees a 3D experience.

Virtual Event Platform

The Confer-O-Matic environment offers easy and as near-to-life experience and interaction as possible in a virtual setting.

Interaction with other attendees is a game changer compared to the rather flat video-only presentations or networking offered by other platforms.

Attendees, who assume avatar personas in our virtual 3D world will have the benefit of seeing other attendees walking, running or even flying around the space.

It is as natural as in the real world to wave to somebody and invite a person to a conversation in one of the many video-chat zones or at a sponsor stand.

Program

The program covers a jobs fair in the mornings, online presentations from 14:00 to 18:00 including panel discussions with clients and “Deep Discussions” with participants and open end networking in the evening. Details can be found here: www.meetcentraleurope.com

Tickets

Tickets round trip to Mars for freelancers: €129

Jobs Fair Wed. 13 October, 2021 10:00-13:00 FREE but you need to register to make appointments.

Early Bird sales ends on August 31st!

About MCE Conference

Meet Central Europe Conference was founded and is organized by 4 independent national translation company associations, namely:

AATC - Austrian Association of Translation Companies

Asociácia prekladateľských spoločností Slovenska

Proford - Profesionális Fordításszolgáltatók Egyesülete

ACTA - Association of Czech Translation Agencies
